

lotusUSA, Inc.

AVIATION INFRASTRUCTURE SOLUTIONS

RELIABLE • DURABLE • ICAO COMPLIANT

LIGHTING FIXTURES & ACCESSORIES

INSET TYPE LIGHTING FIXTURE (8 & 12 INCHES)

- ✓ 8 inch & 12 inch options
- ✓ High load capacity
- ✓ Durable construction
- ✓ Ideal for runway & taxiway

ELEVATED TYPE LIGHTING FIXTURE

- ✓ High visibility
- ✓ Rugged & durable design
- ✓ Easy installation
- ✓ Long lasting performance
- ✓ Aviation Yellow coated body

ELEVATED OMNIDIRECTIONAL LIGHT ACCESSORIES

- ✓ Connectors & cables
- ✓ Frangible coupling
- ✓ Base cans & mounting accessories
- ✓ Engineered for reliability
- ✓ Easy installation

INFRASTRUCTURE PRODUCTS

- ✓ Wide range of infrastructure components
- ✓ High quality & long lasting
- ✓ Built for demanding environments
- ✓ Easy to install and maintain
- ✓ Trusted performance

AVIATION LIGHTING SPARE PARTS

- ✓ LED modules & PCBs
- ✓ Lenses & gaskets
- ✓ Base cans & flanges
- ✓ Replacement parts
- ✓ Quality you can trust

AVIATION SIGNAL LIGHT GUN – LED (ALDIS)

STM.620.SLG.01

Photometric Performance

Light Source	Candelas
White	20,000 cd
Red	14,000 cd
Green	11,500 cd

- ✓ LED life up to 60000 hours
- ✓ Red – White – Green color selection
- ✓ Visibility > 4.1 miles / 6.6 km in clear daylight
- ✓ 2 position switch for morse code or continuous use
- ✓ Sighting scope on top of gun
