AVIATION INFRASTRUCTURE SOLUTIONS

RELIABLE • DURABLE • ICAO COMPLIANT

ADVANCED SOLUTIONS FOR SAFER AIRPORT OPERATIONS

AIRPORT ROTATING BEACON (LED) (L-801/802)

- ✓ Complies with FAA L-801A/L-802A and ICAO Annex 14
- ✓ Can be clearly seen at a distance of 40 miles
- ✓ Electronically-controlled automatic lamp change
- ✓ Lamp Lifetime > 4000 Hours
- ✓ 10-18 rpm adjustable or 12 rpm fixed
- ✓ Aviation Orange coated, stainless steel body
- ✓ OLED display for status information
- ✓ Operating Time Recorder

ELEVATED HELIPORT FLOOD LIGHT – LED STM.861.HEL.01 (W) White

- ✓ Complies with ICAO Annex 14 Volume 2
- ✓ LED life up to 60000 hours
- ✓ Narrow-Angle (30°) LED lenses for uniform horizontal illuminance
- ✓ Surge protection device provided in the electronics
- ✓ Total height of flood light: 250mm
- ✓ Integrated, encapsulated electronic converter
- ✓ Heliport touchdown and lift-off area (TLOF) marking
- ✓ Protection Degree: IP67

ELEVATED OMNIDIRECTIONAL MEDIUM INTENSITY LIGHT – LED STM.860.MIL.01(W) White

- ✓ Complies with ICAO Annex 14 Volume 1, IEC EN 61827, FAA L-860 AC 150/5345-46
- ✓ LED life up to 60000 hours
- ✓ Omnidirectional light application
- ✓ Surge protection device provided in the electronics
- ✓ Total height of light: 260mm or 350mm
- ✓ Integrated, encapsulated electronic converter
- ✓ Aviation Yellow coated, lightweight aluminium body
- ✓ Protection Degree: IP67

AVIATION SIGNAL LIGHT GUN – LED (ALDIS) STM.620.SLG.01

- ✓ LED life up to 60000 hours
- ✓ Red – White – Green color selection
- ✓ Visibility > 4.1 miles / 6.6 km in clear daylight
- ✓ 2 position switch for morse code or continuous use
- ✓ Sighting scope on top of gun
- ✓ Continuous usage time: 8 hours with fully charged
- ✓ Internal lithium battery
- ✓ Protection Degree: IP34

RUNWAY GUARD LIGHT (RGL)

- ✓ Complies with ICAO Annex 14
- ✓ LED life up to 60000 hours
- ✓ L-852 / L-852D style
- ✓ High intensity LED
- ✓ Built for harsh airport environments
- ✓ Protection Degree: IP67

GUIDANCE & APPROACH SOLUTIONS

PRECISION APPROACH PATH INDICATOR (LED)

- ✓ Precision approach path indicator
- ✓ LED based solution
- ✓ High visibility guidance
- ✓ Robust and reliable
- ✓ Built for airport environments

CONSTANT CURRENT REGULATOR ADVANCE 6200 – IGBT

- ✓ Constant current technology
- ✓ IGBT based
- ✓ High efficiency
- ✓ Reliable performance
- ✓ Designed for runway lighting systems

ILLUMINATED RUNWAY & TAXIWAY GUIDANCE SIGN

- ✓ Complies with ICAO Annex 14
- ✓ High visibility LED illumination
- ✓ Uniform and bright signage
- ✓ Robust construction
- ✓ Easy installation & maintenance

AIRCRAFT BARRIER SYSTEMS

- ✓ Hook Barrier
- ✓ Net Barrier
- ✓ Retractable Hook BAK14
- ✓ Engineered for maximum safety
- ✓ Reliable and durable solutions
